Summary

Enthusiastic full-stack developer passionate about building dynamic web applications, collaborating effectively within teams, and delivering high-quality solutions to enhance user experiences. Skilled in designing and implementing scalable, user-friendly applications using a variety of technologies. Proven ability to contribute to project success through teamwork and problem-solving skills.

Education

B Tech Artificial Intelligence and Data Science, SNS College of Engineering, Coimbatore, 2021-2025

Experience

Full Stack Developer at Syncner, 2021-2025

- Developed an AI-driven chatbot for hardware stores, integrating with Shopify, WooCommerce, and BigCommerce platforms to provide real-time product discovery, order tracking, and customer support functionalities. This improved customer engagement and streamlined the ordering process.

Technical Skills

- Leadership, - Teamwork, - Quick Learner, - Problem-solving

Projects

Doctor Appointment website: Built a doctor appointment booking platform incorporating an AI chatbot for seamless patient-doctor interactions, including appointment scheduling and real-time assistance. This project improved appointment scheduling efficiency and patient satisfaction.

E-Commerce Furniture website: Developed a full-stack e-commerce furniture website, encompassing a user-friendly frontend, a robust admin panel, and a scalable backend. Implemented user authentication and a fully functional shopping cart.

Personal Task Manager: Developed Taskify, a task management application enabling users to seamlessly organize and track their tasks. This application included user authentication, task creation, editing, and deletion features.
